

# EXPERIENCE YOU CAN TRUST

## Mark Marich, CPO, LPO

*Certified Orthotist & Prosthetist  
NEOP Founder, CEO & President*

Mark received his orthotic and prosthetic education from Northwestern University in Chicago, and has been a certified practitioner for over 35 years. Mark is a member of the American Academy of Orthotists and Prosthetists (AAOP) and is on the board of directors of the Rhode Island Society of Orthotists and Prosthetists (RISOP). As an above-knee amputee he has firsthand, personal knowledge about the everyday life of amputees and the tribulations that can occur while using a prosthesis. Mark specializes in scoliosis bracing, lower limb orthotics and upper and lower extremity prosthetic care, and he is available for pre- and post- amputation consultations.

## Jared Cantin, MS, CPO

*Certified Orthotist & Prosthetist*

Jared earned his Master of Science degree in Orthotics and Prosthetics from University of Hartford and is a member of the American Academy of Orthotists and Prosthetists (AAOP). Jared provides both orthotic and prosthetic care with a specific interest in Lower Extremity Prosthetics. As an above knee amputee since the age of 18, Jared has a unique perspective in the everyday challenges of living with the loss of a limb. Jared provides direct in-patient care at both Rhode Island Hospital and The Miriam Hospital and is available for pre- and post-operative amputation consultations and peer support visits.

## Thomas Lottermoser, CPO

*Certified Orthotist & Prosthetist*

Thomas is a Certified Prosthetist and Orthotist (CPO). He is a graduate of Ithaca College and earned his certification in Prosthetics and Orthotics from Northwestern University Prosthetics-Orthotics Center (NUPOC). Thomas is an active member of the American Academy of Orthotists & Prosthetists (AAOP). Thomas has over 30 years of experience as a practitioner in both Orthotics and Prosthetics and provides direct in-patient care at Rhode Island Hospital, Miriam Hospital, Hasbro Children's Hospital and is available for in-service lectures.

# NORTHEAST

ORTHOTICS & PROSTHETICS

Established in 1985 by an above-the-knee amputee, Northeast Orthotics and Prosthetics specializes in custom-made orthotic and prosthetic devices for people of all ages.

All NEOP practitioners are certified in their discipline by the American Board of Certification (ABC). In addition, they are members of the American Academy of Orthotics and Prosthetics (AAOP) and the American Orthotic and Prosthetic Association (AOPA). Both NEOP facilities are accredited by the ABC.

In addition to our two convenient locations in Providence, NEOP provides inpatient and outpatient orthotic/prosthetic services at Rhode Island Hospital, a Level I trauma center, as well as The Miriam and Hasbro Children's Hospitals.
